Su di me

Mi chiamo Monika Toth, sono un'artista, faccio la pittrice. Dipingo con le mani.

Dal 2015 ho dipinto pitture ad olio con questa tecnica speciale. Seguendo la mia guida interiore, ho imparato a dipingere da autodidatta. L'uso di questa tecnica è stato spontaneo, intuitivo. I colori vengono applicati sulla tela direttamente con le mie dita. Non uso pennello.

Non decido in anticipo cosa e come voglio dipingere. Mi faccio guidare dalla mia ispirazione e lascio che la pittura si anima. L'energia dell'opera è conservata nei dipinti e continua a vivere nelle forme e nei colori. Attraverso la pittura questa energia carica l'ambiente con sentimenti positivi, dà pace e tranquillità e guarisce l'anima. I colori parlano, parlano per l'anima.

About me

My name is Monika Toth. I am a finger painting artist.

Since 2015 I've been painting oil paintings with this special technique. Following my inner guidance, I learned to paint in self-taught ways. Using the technique of finger painting was also instinctive. While I paint I do not use a brush. I apply the oil color with my fingertips directly on the canvas.

I do not decide in advance what and how I want to paint. I let myself be driven by my inner inspiration and let the painting comes to life with my assistance. The energy of the work is preserved in the paintings and continues to live in the colors and forms. Through the paintings this energy fills up its environment with positive feelings, gives peace and calmness and cures the soul. Colors are speaking. They're talking to the soul.
