SEVILLA GRANGER – ARBORIAL PORTRAITIST (BIO)

Born and trained in Asheville, North Carolina, Sevilla has been painting the natural world for most of her life. With a grandmother who painted landscapes, a photographer for a Father and the daughter of Sallie Middleton as her best friend, art was omnipresent and encouraged in her formative years.

In the summer of 2003, after 15 years as a Costume Designer in the film industry, Sevilla was inspired to return to painting after an intense creative awakening on Palatine Hill in Rome. The work she makes today isn't far from the original inspiration there, just being constantly refined and focused. Sevilla currently lives in San Francisco, and works in the vibrant artistic community at the 1890 Bryant St. Studios.
