

## About Mi Park

Mi Park was born in Seoul, South Korea, in 1959, and is currently residing in Milano, Italy, since 1992. While in Korea, Mi graduated from the University of Seoul in Ceramic Art. Having attended Painting classes at the Brera Academy in Milan, and having studied Painting and Drawing in the USA with Alexander Shundi at his atelier in Amenia Union NY, Mi began a career in design in creating scarves collections and cooperating with the major brands of Dior, Celine, Burberry, DKNY, Metropolitan Museum and many others. Following an intense design experience, she immersed herself in painting, a discipline that she now practices full time, choosing to create her subjective ideas and concepts free from outside conceptual impositions. This serves her to conduct highly personal and felt research in material and technique, but above all in formal explorations in dwelling deep into her soul. Mi firmly believes that her creations are to discover and communicate means to present her deep within emotions and engage the viewer with clarity and wonder. Her work has been present in numerous public and private collections in Italy and abroad.
