

Biographical Details of the artist: Mohammed JOHA.

Since 1995, the artist has been working in the field of painting and over the years, he has gathered a remarkable artistic experience. Very individual, strong, expressive artistic means characterize his paintings today, which stand out for an excellent, spontaneous style, reminding us of children's drawings. Many of the paintings in his large oeuvre witness to this respect. In 2003, he graduates in art education at the Al- Aqsa University in Gaza, In 2004, he wins the * Hassan Al Hourani * Young Artist Award. A M Q, Foundation and being elected Artist of the Year. This allows him to reside in the "Cité Internationale des Arts" in Paris in 2005-2008, where he develops his artist personality. His work includes also installations, photography, and video art. Participation in many local and international exhibitions and workshops. The artist lives now in Italy.
